Reading and Writing the Electronic Book: Marshall ...  
Electronic writing thus transforms traditional writing by introducing oral elements that differentiate it from secondary orality — that is, the "new" orality introduced in the age of media — as much as from traditional literacy. Computers incorporate a new orality by bringing new perspectives to the manipulation and understanding of writing. The text becomes more immediate, more fragmented and fluid, and the medium offers greater capacity for individual participation and interactivity.

Text messaging is one clear example of a technology that has the potential to diminish literacy in reading and writing. Early in its development, short text messages were character-limited and had to be typed in manually - often, pressing an individual key a certain number of times to type a particular letter.
