Shawn C. Smallman and Kimberley Brown's popular introductory textbook for undergraduates in international and global studies is now released in a substantially revised and updated third edition. Encompassing the latest scholarship in what has become a markedly interdisciplinary endeavor and an increasingly chosen undergraduate major, the book introduces key concepts, themes, and issues and then examines each in lively chapters on essential topics, including the history of globalization; economic, political, and cultural globalization; security, energy, and development; health; agriculture and food; and the environment. Within these topics the authors explore such diverse and pressing subjects as commodity chains, labor (including present-day slavery), pandemics, human rights, and multinational corporations and the connections among them. This textbook, used successfully in both traditional and online courses, provides the newest and most crucial information needed for understanding our rapidly changing world. New to this edition: *Close to 50% new material *New illustrations, maps, and tables *New and expanded emphases on political and economic globalization and populism; health; climate change, and development *Extensively revised exercises and activities *New resume-writing exercise in careers chapter *Thoroughly revised online teacher's manual

16 MILLION COPIES SOLD 'A book to read, to cherish, to debate, and one that will ultimately keep the memories of the victims alive' John Boyne, author of The Boy in the Striped Pyjamas A prominent Viennese psychiatrist before the war, Viktor Frankl was uniquely able to observe the way that both he and others in Auschwitz coped (or didn't) with the experience. He noticed that it was the men who comforted others and who gave away their last piece of bread who survived the longest - and who offered proof that everything can be taken away from us except the ability to choose our attitude in any given set of circumstances. The sort of person the concentration camp prisoner became was the result of an inner decision and not of camp influences alone. Frankl came to believe man's deepest desire is to search for meaning and purpose. This outstanding work offers us all a way to transcend suffering and find significance in the art of living.
