Yet in both situations the search must be thorough and orderly.

File Type PDF Searching For Patterns How We Can

When searching a crime scene for trace evidence, investigators typically follow a geometric pattern (see the following figure). They may use a crisscrossing grid, a shoulder-to-shoulder linear pattern, or expanding or contracting spiral patterns.

~~How Forensics Experts Search a Crime Scene—dummies~~

Position yourself head on and at the centre of the table or surface you want to search. Start by searching the perimeter to identify size and shape of table or surface. Lightly place both hands on the table or surface in front of you with your palms facing down and your fingers cupped. Keep your hands in contact with the table throughout the exercise.
