It all began when design student Anaëes Bordier viewed a YouTube video and saw her own face staring back. After some research, Anaëes found that the Los Angeles actress Samantha Futerman was born in a South Korean port city called Busan on 19 November 1987 - the exact same location and day that Anaëes was born. This propelled her to make contact on Facebook. One message later, both girls wondered: Could they be twins? Thus begins their remarkable journey to build a relationship as sisters, continents apart.

Traces the remarkable story of how a pair of identical twins, adopted and raised separately in different countries, discovered each other by chance on social-media sites and worked

together to piece together their origins. 30,000 first printing. Illustrations.

As seen in the hit documentary *Three Identical Strangers* • “[A] poignant memoir of twin sisters who were split up as infants, became part of a secret scientific study, then found each other as adults.”—*Reader’s Digest* (Editors’ Choice) WINNER OF A BOOKS FOR A BETTER LIFE AWARD Elyse Schein had always known she was adopted, but it wasn’t until her mid-thirties while living in Paris that she searched for her biological mother. What she found instead was shocking: She had an identical twin sister. What’s more, after being separated as infants, she and her sister had been, for a time, part of a secret study on separated twins. Paula Bernstein, a married writer and mother living in New York, also knew she was adopted, but had no inclination to find her birth mother. When she answered a call from her adoption agency one spring afternoon, Paula’s life suddenly divided into two starkly different periods: the time before and the time after she learned the truth. As they reunite, taking their tentative first steps from strangers to sisters, Paula and Elyse are left with haunting questions surrounding their origins and their separation. And when they investigate their birth mother’s past, the sisters move closer toward solving the puzzle of their lives. Praise for *Identical Strangers* “Remarkable . . . powerful . . . [an] extraordinary experience . . . The reader is left to marvel at the reworking of individual identities required by one discovery and then another.”—*Boston Sunday Globe* “Absorbing.”—*Wired* “[A] fascinating memoir . . . Weaving studies about twin science into their personal reflections . . . Schein and Bernstein provide an intelligent exploration of how identity intersects with bloodlines. A must-read for anyone interested in what it means to be a family.”—*Bust* “*Identical Strangers* has all the heart-stopping drama you’d expect. But it has so much more—the authors’ emotional honesty and clear-eyed insights turn this unique story into a universal one. As you accompany the twins on their search for the truth of their birth, you witness another kind of birth—the germination and flowering of sisterly love.”—*Deborah Tannen*, #1 *New York Times* bestselling author of *You Just Don’t Understand* “A transfixing memoir.”—*Publishers Weekly*

Marion and Shiva Stone are twin brothers born of a secret union between a beautiful Indian nun and a brash British surgeon. Orphaned by their mother’s death and their father’s disappearance and bound together by a preternatural connection and a shared fascination with medicine, the twins come of age as Ethiopia hovers on the brink of revolution. Moving from Addis Ababa to New York City and back again, *Cutting for Stone* is an unforgettable story of love and betrayal, medicine and ordinary miracles—and two brothers whose fates are forever intertwined.

“Powerful... Tells a singular story to illuminate a universal truth.”--*The New York Times Book Review* The shocking truth about postwar adoption in America, told through the bittersweet story of one teenager, the son she was forced to relinquish, and their search to find each other During the Baby Boom in 1960s America, women were encouraged to stay home and raise large families, but sex and childbirth were taboo subjects. Premarital sex was common, but birth control was hard to get and abortion was illegal. In 1961, sixteen-year-old Margaret Erle fell in love and became pregnant. Her enraged family sent her to a maternity home, and after she gave birth, she wasn’t even allowed her to hold her own son. Social workers threatened her with jail until she signed away her parental rights. Her son vanished, his whereabouts and new identity known only to an adoption agency that would never share the slightest detail about his fate. Claiming to be acting in the best interests of all, the adoption business was founded on secrecy and lies. *American Baby* lays out how a lucrative and exploitative industry removed children from their birth mothers and placed them with hopeful families, fabricating stories about infants’ origins and destinations, then closing the door firmly between the parties

forever. Adoption agencies and other organizations that purported to help pregnant women struck unethical deals with doctors and researchers for pseudoscientific "assessments," and shamed millions of young women into surrendering their children. Gabrielle Glaser dramatically demonstrates the power of the expectations and institutions that Margaret faced. Margaret went on to marry and raise a large family with David's father, but she never stopped longing for and worrying about her firstborn. She didn't know he spent the first years of his life living just a few blocks away from her; as he grew, he wondered about where he came from and why he was given up. Their tale--one they share with millions of Americans--is one of loss, love, and the search for identity. Adoption's closed records are being legally challenged in states nationwide. Open adoption is the rule today, but the identities of many who were adopted or who surrendered a child in the postwar decades are locked in sealed files. *American Baby* illuminates a dark time in our history and shows a path to reunion that can help heal the wounds inflicted by years of shame and secrecy.

In a tale spanning twenty-five years, a doctor delivers his newborn twin daughter during a snowstorm and, rashly deciding to protect his wife from the baby's affliction with Down Syndrome, turns her over to a nurse, who secretly raises the child. A first novel. Reader's Guide included. Reprint. 100,000 first printing.

Thirteen-year-old Sunny, accompanied by a stray dog, takes advantage of a windfall to travel from her Nebraska foster home to Enumclaw, Washington, to find the twin sister from whom she was separated at age three.

NEW YORK TIMES BESTSELLER Inspired by the incredible true story of one Jewish family separated at the start of World War II, determined to survive--and to reunite--*We Were the Lucky Ones* is a tribute to the triumph of hope and love against all odds. "Love in the face of global adversity? It couldn't be more timely." --*Glamour* It is the spring of 1939 and three generations of the Kurc family are doing their best to live normal lives, even as the shadow of war grows closer. The talk around the family Seder table is of new babies and budding romance, not of the increasing hardships threatening Jews in their hometown of Radom, Poland. But soon the horrors overtaking Europe will become inescapable and the Kurcs will be flung to the far corners of the world, each desperately trying to navigate his or her own path to safety. As one sibling is forced into exile, another attempts to flee the continent, while others struggle to escape certain death, either by working grueling hours on empty stomachs in the factories of the ghetto or by hiding as gentiles in plain sight. Driven by an unwavering will to survive and by the fear that they may never see one another again, the Kurcs must rely on hope, ingenuity, and inner strength to persevere. An extraordinary, propulsive novel, *We Were the Lucky Ones* demonstrates how in the face of the twentieth century's darkest moment, the human spirit can endure and even thrive.

Gena Thomas tells the story of five-year-old Julia, whose harrowing journey with her mother from Honduras to the United States took her from cargo trailer to detention center to foster care. Weaving together the stories of birth mother and foster mother, this book shows the human face of the immigrant and refugee, the challenges of the immigration and foster care systems, and the tenacious power of motherly love.
