SimCity Societies: Destinations - GameSpot

Unlike its predecessors, SimCity Societies combines the genre of social-engineering with that of city-building. This same concept of combining the two genres was introduced in Monte Cristo's City Life, which had the player have six socioeconomic cultures dwell in the same city to strive for diversity. Unlike City Life, SimCity Societies involves six different societal social energies that the player can pick and choose from to the make the player's ideal society.

Mods at Sim City Societies Nexus - Mods and Community

The SimCity series has long been known as a relatively challenging city simulation game with plenty of educational opportunities in city planning and administration. SIMCITY SOCIETIES breaks radically from that tradition and focuses on aesthetics. It is great-looking game (although the graphics can get really bogged down as the city grows).

SimCity Societies Game Review - Common Sense Media

SimCity Societies is a city-building simulation video game developed by Tilted Mill Entertainment and published by Electronic Arts, and is part of the SimCity series. The gameplay is significantly different from previous SimCity titles, with a greater focus on social development. SimCity Societies was released on November 13, 2007 and received mixed reviews, with praise for the game's improved accessibility and visuals, but criticism for being oversimplified and having poor performance.

SimCity Societies - Wikipedia

SimCity Societies Create futuristic metropolises, spooky haunted cities, obedient authoritarian states, and devout contemplative towns with this innovative and accessible citybuilder.
