What a great story - a must for all music aficionados - this is legendary stuff. What a gift." - Mark Snow (prolific screen and TV composer of The X-files, The Rookies, Hart to Hart) "Van Alexander knows more about the Big Band era than any man alive - and he's written it all in his autobiography." - James Bacon, veteran Hollywood columnist "What a delight it is to have the recollections of one who was there, and was central to the development of the Swing Era, and so much of what followed..." - Garry Gliddens - author, columnist, artistic director of the American jazz orchestra "Van Alexander vividly recalls and recaps all the great stories depicting his extraordinary career that began for him in Harlem at the legendary Savoy Ballroom. His anecdotes and association with many musical giants in Hollywood from Les Brown and Billy May, to Stan Getz and "Sweets" Edison. Meet them all in this wonderful book." - Richard Grudens - author of Stardust, The Bible of the Big Bands, and well known jazz musicologist. "Van's life story is truly a bit of musical history, and it resurrected many fond memories for me. He was there at the beginning of the Swing Era, and recalls many great stories covering his early days at the Savoy Ballroom with Chick Webb and Ella Fitzgerald, up to and including his TV and picture credits and his collaboration with Michael Feinstein. I found his book 'unpundownable.'" - Quincy Jones

Stuart Nicholson's biography of Ella Fitzgerald is considered a classic in jazz literature. Drawing on original documents, interviews, and new information, Nicholson draws a complete picture of Fitzgerald's professional and personal life. Fitzgerald rose from being a pop singer with chart-novelty hits in the late '30s to become a bandleader and then one of the greatest interpreters of American popular song. Along with Billie Holiday, she virtually defined the female voice in jazz, and countless others followed in her wake and acknowledged her enormous influence. Also includes two 8-page inserts.

Explores the evolution of jazz singing with profiles of great performers, discussing how they learned their craft and the experiences that shaped their careers

Certainly no singer has been more mythologized and more misunderstood than Billie Holiday, who helped to create much of the mystique herself with her autobiography, Lady Sings the Blues. "Now, finally, we have a definitive biography," said Booklist of Donald Clarke's Billie Holiday, "by a deeply compassionate, respectful, and open-minded biographer [whose] portrait embraces every facet of Holiday's paradoxical nature, from her fierceness to her vulnerability, her childlikeness to her innate elegance and amazing strength." Clarke was given unrivaled access to a treasure trove of interviews from the 1970s:interviews with those who knew Lady Day from her childhood in the streets and good-time houses of Baltimore through the early days of success in New York and into the years of fame, right up to her tragic decline and death at the age of forty-four. Clarke uses these interviews to separate fact from fiction and, in the words of the Seattle Times, "finally sets us straight. . .evoking her world in all its anguish, triumph, force and irony." Newsday called this "a thoroughly riveting account of Holiday and her milieu." The New York Times raved that it "may be the most thoroughly valuable of the many books on Holiday," and Helen Oakley Dance in JazzTimes said, "We should probably have to wait a long time for another life of Billie Holiday to supersede Donald Clarke's achievement."
