Made up of five kingdoms, The Outskirts lie between wakefulness and dreaming, reality and imagination, between life and death. It's an in-between place. And once you find your way to the Outskirts, it's very hard to leave...

Cole Randolph can barely remember what life was like back home in Arizona. It's hard to imagine there was a time he didn't wake up to daily threats and danger. But Cole is still determined to find a way home with his friends and to set things right in the Five Kingdoms before he leaves. That means traveling to the last of the kingdoms—Creon. It's a place where time itself can be manipulated, where reality can bend and change. On one last death-defying mission, Cole must use everything he has learned to face a villain with powers beyond anything he has seen before. First they flew their mysterious sky craft through the skies of Barit. Then they started attacking. Finally, they began to raid. Garek's one year of duty as a guard walking the walls of Garamundo was extended to two when the sky raiders appeared. Two long years away from home and his lover, Taya. When he finally returns, the town is empty. While Garek was protecting Garamundo, the sky raiders were taking their victims from his hometown. Taya can't bear looking into the night sky. All she can see is Barit, her home planet. Impossibly, the sky raiders have brought her and their other victims to Shadow, the planet that shadows her own, and looking up makes her aware of everything she's lost. Garek is out there somewhere. She knows he'll look, but he'll never find her. She and the other captives have to find a way to escape. Without the food and clothes the sky raiders bring them from their raids on Barit, they'll starve on the almost barren wastes of Shadow. And when they've given the sky raiders enough of what they want, that's exactly what the sky raiders will leave them to do. She does have an idea of how she can break free--the sky raiders have brought them to Shadow to mine for ore. A very special ore which Taya has worked out is as dangerous to the sky raiders as it is valuable. What she doesn't realize is she'll have some help with her plan. Because Garek isn't giving up. And he's even more resourceful than she could ever have imagined. Nothing is going to keep him from Taya. Not even space itself.
