Get a gun when the Zombies arrive. In the USA, this goes without saying it. This is not necessary in day to day, but in case of a zombie invasion, you should have a weapon at hand always. If possible, keep a shotgun/handgun and an edged weapon like machete at the ready. Those who want to go the extra mile will buy a crossbow too.

**Surviving the Zombie Apocalypse Series by Shawn Chesser**

Cade Grayson, ex Delta Force operator narrowly escaped Portland, Oregon ahead of the massive exodus. He eventually ended up leading a group of survivors through the western high desert, losing five of them violently along the way. After battling zombies and humans across the west, and still unsure of the well being or whereabouts of his family, Cade soldiers on alone, eastbound, locked and loaded. Soldier On is Book Two in the Surviving the Zombie Apocalypse series, picking up on day four where "Trudge: Surviving the Zombie Apocalypse" left off. Day one began the same as any other Saturday in Portland, Oregon. After months of rain people were out and about enjoying the sights and sounds of summer. Cade Grayson dropped his wife Brook and daughter Raven off at Portland International Airport. They were bound for Myrtle Beach, South Carolina to visit Brook's parents. On that eye opening first day, Cade's introduction to the new world was hard to wrap his mind around. He was forced, in self defense, to kill his infected neighbors Ted and Lisa. Pioneer Courthouse Square, nestled in the center of downtown Portland, was but one of the many flashpoints of a viral outbreak in the United States. By evening all of the hospitals in and around Portland were ravaged and teeming with ravenous walking dead. There was no time to cure them and by evening, for those unfortunate enough to be in a major metropolitan area, no way to escape them. Day two saw Washington D.C. fall to the reanimated hordes in search of human flesh. After declaring martial law and calling back all of the soldiers, airmen and marines from overseas, President Bernard Odero was never heard from again. Former Speaker of the House and now President by succession Valerie Clay is saddled with the seemingly unmountable task of leading the country back from the brink of what may prove to be mankind's Extinction Level Event. Her first order of business is to set up a safe haven in Colorado Springs as the new Capitol of the United States. Delta Force commander Mike Desantos embarks on a new mission with his small team of Tier-One operators. They must rescue critical personnel from the Center for Disease Control in Atlanta, Georgia and retrieve any useful information they have gleaned concerning the Omega virus. Cade Grayson, ex Delta Force operator narrowly escaped Portland, Oregon ahead of the massive exodus. He eventually ended up leading a group of survivors through the western high desert, losing five of them violently along the way. After battling zombies and humans across the west, and still unsure of the well being or whereabouts of his family, Cade linked up with retired Harry Conrad and Vietnam-era aviator Duncan Winters in Draper, Utah at Camp Williams, garrison for the 19th Special Forces Group. While suffering a night of fitful sleep trying to block out the moans of the living dead, Cade made the decision to leave the base and soldier on alone, resuming his cross country search for his loved ones. Can Valerie Clay bring the United States back from the brink and find a way to deal with the millions of undead? Will Cade Grayson survive long enough to hunt his wife and daughter... still alive? Can Mike Desantos complete his mission to the CDC and return to Colorado Springs in time to attend the birth of his first boy? Or will the insatiable dead succeed in breaking the indomitable spirit of mankind...?

A Pound of Flesh, Book 4 in the Surviving the Zombie Apocalypse series, picks up the day after "In Harm's Way: Surviving the Zombie Apocalypse" left off. Outbreak - Day1 Like a fragile house of cards in a hurricane, Presidents, Premiers, entire governments and their ruling bodies disappeared instantly. Some had ensconced themselves in deep underground bunkers or remained holed up in fortified strongholds, but history would tell that most had been swallowed up by the dead - never to be heard from again. WARNING - SPOILERS AHEAD Outbreak - Day 9 Reeling from a surprise attack, and with two fires burning out of control, Schriever AFB goes on high alert. Former CDC Scientist Sylvester Fuentes, the apparent target, is killed along with his assistant Jessica Hanson, Brook's brother Carl and a handful of others. Destroyed in the conflagration was the Omega antiserum Fuentes had been working to perfect, and just hours prior had tested successfully on one of the newly infected. Meanwhile, returning prematurely from a mission to set off two nukes in the path of an advancing horde of living dead numbering several hundred thousand strong, and with his Delta Force commander Mike Desantos infected and dying from the Omega virus, Cade Grayson was forced to do something no friend should have to. Then, shortly after taking Desantos's life, and while still cradling the hard charging operator's corpse, the low rumble of the two nuclear detonations signaling the mission's likely success rolled over Schriever. Immediately, Delta Force Captain Cade Grayson begins to formulate a plan that will send him hurtling on a collision course with the parties responsible for the terrorist attack. Six hundred miles away in Eden, Utah, Duncan Winters, Vietnam-era aviator, hopes to recuperate and ride out the apocalypse in his survivalist/ Doomsday prepper brother Logan's compound. In Jackson Hole, Wyoming, the New American capitol and fiefdom of Robert Christian, well-connected billionaire and self-appointed President, Daymon Bush, former BLM firefighter, bides his time with one burning desire: to find his girlfriend Heidi even if it ultimately kills him. Will Cade successfully lobby President Clay and embark on a new mission in order to extract a pound of flesh for Carl and Mike Desantos? Will Brook Grayson and her eleven-year-old daughter Raven continue to temper themselves against the new dangers inside and outside the wire at Schriever? Will Daymon accomplish his goal and survive Jackson Hole? Can the much older Duncan find a way to fit in with his younger brother Logan's prepper friends? Will newly promoted General Ronnie Gaines fit in with the late Commander's fractured Delta team? Can the human race find a way to survive the legions of migrating zombies?

In Harm's Way, Book 3 in the Surviving the Zombie Apocalypse series, picks up on Day 8 where "Soldier On: Surviving the Zombie Apocalypse" left off. Outbreak - Day 8 After running and gunning across much of the western U.S., Cade Grayson, former Delta Force operator, is finally reunited with his wife Brook and daughter Raven. Hours after arriving at the relative safety of Schriever Air Force Base in Colorado Springs, the new Capital of the United States, Cade is approached by the new President, Valerie Clay. Her request is simple: she appeals to the patriot in him to rejoin the Unit that he left for civilian life fifteen months prior and once more go into harm's way, taking the fight to the enemy. Meanwhile, Duncan Winters, Vietnam-era aviator, finds himself stranded in Springs along with BLM firefighter Daymon Bush. Both men arrived with Cade and were promised transport back to Eden, Utah. Duncan longs to be reunited in Eden with his brother Logan, a survivalist/ Doomsday prepper. Daymon, with no surviving family, knows only one thing for certain: he doesn't want to remain trapped behind the wire inside of a huge government-run military base. Mere days after Washington D.C. is overrun and the sitting President goes missing, Robert Christian, billionaire kingmaker who has been waiting in the wings for a world-changing event such as this, marshals his group of mercenaries led by former Navy SEAL Ian Bishop. Their mission: to control what remains of the United States by any means necessary and ultimately reshape the country to fit their warped vision for a new world order. Will Cade accept President Clay's overture and embark on a new high priority mission alongside his friend and mentor, Delta Commander General Mike Desantos? Will Brook Grayson continue to hone her newly found survival skills and successfully train her eleven-year-old daughter Raven to defend herself against the undead threat? Will Captain Ronnie Gaines and his SF soldiers from Fort Kit Carson succeed in clearing downtown Springs of the zombie menace? Will Duncan and Daymon survive their flight from Schriever Air Force Base and find the survivalist group in Eden? Can the human race survive what appears to be its final extinction level event?

Zora's mission: deliver the information and get back to her brother. Anyone or anything that gets in the way of that goal will get put down. Cross her at your own peril. Watch out Zombie World, here she comes and she plans on sending you all to Hell-Screaming!

Allegiance, Book 5 in the Surviving the Zombie Apocalypse series, picks up two days after "A Pound of Flesh: Surviving the Zombie Apocalypse" left off. Outbreak - Day 1 Like a fragile house of cards in a hurricane, Presidents, Premiers, entire governments and their ruling bodies disappeared instantly. Some had ensconced themselves in deep underground bunkers or remained holed up in fortified strongholds, but history would tell that most had been swallowed up by the dead - never to be heard from again. Infection rates skyrocketed in the United States' largest cities the first days of the outbreak, as the rapacious dead delivered the Omega virus with emotionless efficiency. During the ensuing days, the rest of the country and the world shared the same fate as Omega spread exponentially from within the mega population centers, pulsing into the countryside, a rotten, shambling diaspora. It had taken 3.7 billion years for man to evolve from a universal common ancestor - to stop dragging his collective knuckles - finally to emerge the dominant species, complete with shiny new iPads, Smartphones, worldwide non-stop air travel, and all manner of high tech war machines. Yet it had taken one microscopic man-made virus only three days to deliver mankind, on its collective knees, to the doorstep of extinction. WARNING - SPOILERS AHEAD Outbreak - Day 15. With an estimated ninety-nine percent of the United States' population having already succumbed to the rapidly spreading Omega virus, and countries and cities worldwide teeming with the dead, the struggle to survive the zombie apocalypse continues unabated in the high desert of Colorado. Having just returned from a hastily thrown together secret mission that saw Robert Christian-the self-proclaimed President of his "New America"-snatched from his mountain redoubt and delivered kicking and screaming to the justice awaiting him at Schriever Air Force Base, Cade Grayson, father, husband, and Delta Force operator is horrified to learn that during his absence the base had been compromised, putting his family in harm's way. Its inhabitants still reeling from Pug's act of terror, and recently rocked by an undead outbreak inside the wire, Schriever no longer seems an island of safety surrounded by a sea of dead, but more like a shadowy prison, danger lurking within its walls. So, with the Z-infested cities of Denver and Aurora to the north and a hundred thousand flesh eaters inhabiting Pueblo to the south, and all hope of a cure for Omega dwindling faster than the world's population, Cade uses a mandated two-day stand down to fully weigh out his options. With each passing day, he finds himself warning to Brook's stance that they pull up stakes and put the acres of squat buildings and fenced-in concrete in their rearview mirror for good. With his allegiance walking a tightrope between family and flag, will Cade appease Brook and move the family to Logan Winter's compound outside of Eden, Utah? Or will he lobby her to allow the family to stay at Schriever, so that his Delta Team-still recovering from the recent loss of soft-spoken Sergeant Darwin Maddox and the Unit's longtime commander General Mike Desantos-will not find themselves undermined and outgunned should another important mission crop up? Or will the talented Mister Murphy-of Murphy's Law fame-throw a monkey wrench into the equation and alter the best laid plans of mice and men?

An illustrated, comprehensive guide to surviving an attack by hordes of the predatory undead explains zombie physiology and behavior, the most effective weaponry and defense strategies, how to outfit one's home for a long siege, and how to survive in any territory or terrain. Original. 35,000 first printing.

Some hid deep underground or holed up in fortified strongholds, but most were swallowed up by the dead, never to be heard from again. For Cade Grayson-doting father and patriotic Delta Force operator-the past week has been the worst dealt to him by life during his short thirty-five-year stint on planet Earth. Following a hashed-together kill or capture mission that saw Cade and the newly formed Pale Rider team travel to Northern Utah to confront a band of escaped convicts turned cannibal, he returns to the compound in rural Utah with a grim task: bury three more of his people in the already crowded hillside cemetery. With Zs flooding the valley to the east, and Chinese PLA scouts probing inland from the west, Cade immediately guns up and leaves the wire with his daughter, Raven, in tow. His new mission is twofold: to infuse Raven with as much survival knowledge as possible, and to find a close friend who has gone missing, feared dead. But while Cade and Raven are away, the Eden group's ranks are further thinned when two more of their own disappear. Will Cade find outside the wire all that he is searching for? Will Raven emerge from the crucible intact? Caught between the proverbial rock and a hard place, will the remaining Eden members learn what has happened to the missing ... or will they be GONE forever?
