One year after his big golf tournament win, Travis McKinley struggles to find a place in the world of professional sports in this inspiring novel. A year ago, unknown golfing amateur Travis McKinley shocked the world by winning the PGA Senior Open at Pebble Beach. Now he's famous, he makes his living playing the game he loves, and everything should be perfect. Still, Travis can't shake the feeling that he's a fraud, an imposter who doesn't deserve his success—and after a series of disappointments and personal screw-ups, he might just prove himself right. A shot at redemption arrives in an unexpected form: a teenage outcast with troubles of his own . . . and a natural golf swing. As this unlikely duo sets out to achieve the impossible on the world's most revered golf course, Travis is about to learn that sometimes the greatest miracles of all take place when no one is watching.

NEW YORK TIMES BESTSELLER "Reilly pokes more holes in Trump's claims than there are sand traps on all of his courses combined. It is by turns amusing and alarming." -- The New Yorker "Golf is the spine of this shocking, wildly humorous book, but humanity is its flesh and spirit." -- Chicago Sun-Times "Every one of Trump's most disgusting qualities surfaces in golf." -- The Ringer An outrageous indictment of Donald Trump's appalling behavior when it comes to golf -- on and off the green -- and what it reveals about his character. Donald Trump loves golf. He loves to play it, buy it, build it, and operate it. He owns 14 courses around the world and runs another five, all of which he insists are the best on the planet. He also claims he's a 3 handicap, almost never loses, and has won an astonishing 18 club championships. How much of all that is true? Almost none of it, acclaimed sportswriter Rick Reilly reveals in this unsparing look at Trump in the world of golf. Based on Reilly's own experiences with Trump as well as interviews with over 100 golf pros, amateurs, developers, and caddies, *Commander in Cheat* is a startling and at times hilarious indictment of Trump and his golf game. You'll learn how Trump cheats (sometimes with the help of his caddies and Secret Service agents), lies about his scores (the "Trump Bump"), tells whoppers about the rank of his courses and their worth (declaring that every one of them is worth \$50 million), and tramples the etiquette of the game (driving on greens doesn't help). Trump doesn't brag so much, though, about the golf contractors he stiffes, the course neighbors he intimidates, or the way his golf decisions wind up infecting his political ones. For Trump, it's always about winning. To do it, he uses the tricks he picked up from the hustlers at the public course where he learned the game as a college kid, and then polished as one of the most bombastic businessmen of our time. As Reilly writes, "Golf is like bicycle shorts. It reveals a lot about a man." *Commander in Cheat* "paints a side-splitting portrait of a congenital cheater" (*Esquire*), revealing all kinds of unsightly truths Trump has been hiding.

Travis McKinley's life has drifted sideways. His job, his marriage, even his children all feel disconnected and distant. Has he really accomplished nothing of consequence in his life? One Christmas Day, Travis plays a round of golf and finds himself for the first time in the zone--playing like a pro. In astonishingly short order, Travis is catapulted into the PGA Senior Open at Pebble Beach, where he advances to the final round. And while his wife, his children, and a live television audience watch, a miracle takes place that changes Travis, and his family, forever.

Soon to be an HBO documentary from Academy Award–winning producer Alex Gibney The #1 New York Times bestseller based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods’s life—this “comprehensive, propulsive...and unsparing” (*The New Yorker*) biography is “an ambitious 360-degree portrait of golf’s most scrutinized figure...brimming with revealing details” (*Golf Digest*). In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “searing biography of golf’s most blazing talent” (*GOLF* magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods’s life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the “chosen one,” to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come. “Irresistible...Immensely readable...Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true” (*The Wall Street Journal*). Ultimately, Tiger Woods is “a big American story...exhilarating, depressing, tawdry, and moving in almost equal measure” (*The New York Times*).

Remarkable Golf Courses encompasses the extremes of the sport – from the highest golf course in La Paz, Bolivia, to the lowest, in Death Valley, USA; from the most northerly in the Arctic Circle to the most southerly in Tierra del Fuego. The many quirks of the golfing world are covered, such as the 18th green the other side of the River Lea which is serviced by an electric ferry, or the LA golf course that has its own funicular railway, or the floating golf hole in Idaho, where it's not just the pin position that's changed every day, it's the distance from the shore! Golf courses that feature neolithic standing stones (Scotland), Roman roads (England), and ruined medieval castles (Wales) take their place alongside the old temples of Delhi or a UNESCO World Heritage bridge that is used to link the 9th and 10th at Angkor Wat. There are the beloved classic courses of St. Andrews, Carnoustie, Royal St. George and Westward Ho!. There are spectacular golf courses hewn out of the Nevada and Arizona desert, green oases in a cactus-strewn, rocky landscape, along with Hawaiian courses fringed by barren black lava flows. But nothing can beat the thrill in Guatemala of lining up your drive on an active volcano at the Fuego Maya course. In comparison there are the traditional wind-blown Scottish links, such as the Machrie Hotel on the island of Islay which has the most blind greens on any course, or the remote Isle of Barra where greens are only accessible via a kissing gate. Fancy swapping countries mid-round? You can at the Llanmymynech club in Wales. At the fourth hole golfers tee off in Wales and putt out on the green in England. Remarkable Golf Courses brings together some astonishing stories with some extraordinary photography.

The Masters is unquestionably the crown jewel of golf's major tournaments, not only for the transcendent performances it has inspired over the years, but for the incomparable sights and sounds of Augusta National and its environs, each distinct element contributing to the storied, rarefied atmosphere which draws tens of thousands to Georgia each spring. Seven Days in Augusta spans everything from the par-3 contest, to Amen Corner, to Butler Cabin. Mark Cannizzaro goes behind the scenes of the exclusive competition, covering wide-ranging topics including green jacket rituals, tales from The Crow's Nest atop the clubhouse, the extreme lengths some fans have gone to acquire tickets, and what goes on outside the gates during Masters week. Also featuring some of the most memorable and dramatic moments from the tournament's history, this is an essential, expansive look at golf's favorite event.

Recreation and Sport are an integral part of Canadian culture. This is nowhere more evident than in the Muskoka District of Ontario. Beginning in the 1860s, people from more populated areas of Southern Ontario and the North Eastern United States flocked to Muskoka to enjoy nature's bounty. They came to fish, hunt, canoe, sail, swim, hike and explore. Many vacationed at one of the ever expanding selection of Muskoka resorts. Others built their own recreational retreats or cottages. Also beginning in the 1860s, Free Land Grant recipients ventured to the area to take land and attempt to farm it. They became the permanent population base and set about developing their own recreations and sporting organizations. This book surveys the attempts of all of Muskoka's residents and visitors to enjoy the recreational opportunities the region provided. The main focus of this local history is on how people in the past used recreation and sport to enhance their lives. In other words, what they did for exercise and fun.

In the tradition of *Friday Night Lights* and *Outcasts United*, *ONE GOAL* tells the inspiring story of the soccer team in a town bristling with racial tension that united Somali refugees and multi-generation Mainers in their quest for state--and ultimately national--glory. When thousands of Somali refugees resettled in Lewiston, Maine, a struggling, overwhelmingly white town, longtime residents grew uneasy. Then the mayor wrote a letter asking Somalis to stop coming, which became a national story. While scandal threatened to subsume the town, its high school's soccer coach integrated Somali kids onto his team, and their passion began to heal old wounds. Taking readers behind the tumult of this controversial team--and onto the pitch where the teammates vied to become state champions and achieved a vital sense of understanding--*ONE GOAL* is a timely story about overcoming the prejudices that divide us.
