Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

By 250 AD, Christianity had spread throughout India and China. Known as the Shining Religion or the Luminous Teaching, it drew adherents from Buddhism and Hinduism who were seeking a faith that taught the possibility of achieving a society founded on love and compassion for their fellow man. The new doctrine reached the island nation of Japan where it was so well received that Christianity threatened to supplant Buddhism as the dominant religion. By the close of the 16th century Japanese Christians numbered in the millions. Fifty years later Christianity was officially proscribed and Christians faced execution for openly practicing their faith. Jesus and the Samurai tells their fascinating story with facts drawn from ancient and modern sources.

The Ruffhouse Records founder tells how he overcame poverty, abuse, and addiction to start a label that launched some of music's biggest stars: "Gripping."—Philadelphia Magazine As a struggling musician trying to catch a break in 1980s Philadelphia, Chris Schwartz navigated the crime-infested, morally bankrupt music industry to found and build one of the most successful hip-hop record labels in the world. That label was Ruffhouse, which launched the careers of Nas, The Fugees, Cypress Hill, and others, dominating the charts and generating global revenues of over a billion dollars. Schwartz and his partner, Joe Nicolo, built Ruffhouse from one desk and a phone to one of hip-hop's most revered record companies while simultaneously struggling with drug addiction and alcoholism. A story of money, greed, envy, betrayal, violence, addiction, loss, and redemption, not to mention a whole lot of music, Ruffhouse reveals the inside story of the record companies, recording studios, tour buses, private jets, mansions, radio stations, and concert halls at the height of hip-hop's 1990s heyday while also uncovering the darker side of the business, from police stations to rehab clinics, courtrooms to prisons. Told in Schwartz's own candid, searing prose, Ruffhouse is a portrayal of hip-hop culture at its tipping point, as it transitioned from urban curiosity to global phenomenon. "[A] story of adversity and perseverance...Fans of these artists will love the insider information on the recording process and the trials and tribulations of getting this music out into the world."Library Journal "All respect to Chris Schwartz. He is a great visionary."—Nas
