Directed by Allan Kroeker. With Avery Brooks, Rene Auberjonois, Nicole de Boer, Michael Dorn. Ezri Dax joins Sisko and his family on his quest for the Orb of the Emissary. Colonel Kira mounts a blockade around a Bajoran moon, where the Romulan hospital is - along with thousands of Romulan missiles (claimed to be defensive in purpose). Quark joins Bashir & O'Brien as they join Worf, aboard a ...

This singular volume presents a tapestry of symbols and foreshadowings of the Atonement. And as we study the symbols, we can learn deep truths about Jesus Christ and his mission and increase our desire to become like God. Symbols and Shadows is a unique book that oAnalyzes the many symbols of the Atonement - some familiar, some unexpected - and encourages us to look deeper into the scriptures. oDiscusses why Jesus Christ was uniquely qualified to be the Atoner. oExamines the fulfillment of the Atonement in Christ's mortal life and sacrifice. oDetails the multitude of symbols and shadows in the scriptures that testify of the infinite atonement and the blessings of God's grace. This remarkable book will bring you closer to the Savior, enabling you to more fully partake of all that he offers, especially the greatest of all heavenly gifts: his infinite Atonement.

In this original, wide-ranging, and endlessly thought-provoking work of popular nonfiction, a leading science writer uncovers the pervasive presence of shadows in our world. For Plato, shadows were the symbol of our limitations. For Galileo, they knocked the Earth from the center of the cosmos. They are a source of fear and a symbol of ignorance, and they loom large in art and design, mythology and folklore, physics and metaphysics, and architecture and urban planning. From shadows puppets and the psychology of shadows to the role of shadows in astronomy and the influence of shadows on the architectural profiles of our cities, Roberto Casati awakens our fascination in this tour-de-force of investigation and imagination.

The Tabernacle is the greatest of all the Old Testament "types" of Christ. As we look closely at its furniture, its priesthood, and its least observances, we are afforded a glimpse of God's glory. His grace, and His love for His chosen people. The sacrifices and rituals performed in the Tabernacle in the wilderness only pointed ahead to the time that God would reconcile His people to himself. It is in this study of the Tabernacle that 'tangibles become teachable.&rdquo

The book in Part 1 exposes how the world is influenced and controlled by Babylon. Why is Babylon mentioned in Revelation? Who is Babylon? Is Babylon a real threat and how does it affect the souls of men. Part 2 gives understanding on the Lord's bride and New Jerusalem. Who is the Bride of Christ? Who is New Jerusalem and how does she involve us? What is our spiritual position? Getting revelation of the "End Times" is needed in order to understand End Times scriptures and how to recognize end time signs. Part 3 gives revelation and timing as it clarifies the Lord's return. Recognizing when the Lord will return using scriptures will eliminate controversy. It also helps us understand the workings of our enemy. To know the chronology of end time events is crucial as it is detailed for the Believer's benefit. Scriptures shows the benefits of being an "Overcomer" and their destiny. It reveals the necessity of Tribulation. What will be the purpose for the Believer if they are still on the earth at the end? We will understand the benefits of persecution of the true Believers as it has always happened with God's true followers. These topics are discussed for the Believer's survival, for their spiritual growth and for them to overcome any and all opposition that is faced today and will face in the days ahead.

This book is designed to appeal to fans of Dan Brown's Robert Langdon novels, particularly The Lost Symbol (2009). Beyer explores some of the book's codes, puzzles, and historical references. Although he does raise some interesting questions-How does The Lost Symbol's original title, The Solomon Key, help us to understand the meaning and importance of one of the book's characters?-he also spends a lot of time on matters peripheral to his theme. Why, for example, in a book that is presumably being read by someone who is intimately familiar with Brown's novels and their hero, Robert Langdon, would the author devote nearly 2 full pages to a physical description of the character and an explanation of what he does for a living? Similarly, the author's lengthy travelogue-like description of The Lost Symbol's setting, Washington, D.C., could be replaced by a simple list of elements from the Brown novel that actually exist in Washington, freeing up 30-odd pages for meatier pursuits. Recommended for readers who can't get enough of Brown and Langdon, but for a better-and much more entertaining-exploration of Brown's techniques, try The Va Dinci Cod (2005), the hilarious Da Vinci Code parody written by A. R. R. R. Roberts

In understanding such things as the role of the shadow in healing, the relationship between the ego and the transpersonal self, and the application of dream analysis, medical practitioners can better address present day health challenges. Included are client interview techniques, natural remedies, and a bibliography and glossary of Jungian terms.

This book by Kevin Conner undertakes to interpret signs, symbols, and types that he discovers beneath the surface in biblical text.

The Victorians built tens of thousands of churches in the hundred years between 1800 and 1900. Wherever you might be in the English-speaking world, you will be close to a Victorian built or remodelled ecclesiastical building. Contemporary experience of church buildings is almost entirely down to the zeal of Victorians such as John Henry Newman, Samuel Wilberforce and Augustus Pugin, and their ideas about the role of architecture in our spiritual life and well-being. In Unlocking the Church, William Whyte explores a forgotten revolution in social and architectural history and in the history of the Church. He details the architectural and theological debates of the day, explaining how the Tractarians of Oxford and the Ecclesiologists of Cambridge were embroiled in the aesthetics of architecture, and how the Victorians profoundly changed the ways in which buildings were understood and experienced. No longer mere receptacles for worship, churches became active agents in their own rights, capable of conveying theological ideas and designed to shape people's emotions. These church buildings are now a challenge: their maintenance, repair or repurposing are pressing problems for parishes in age of declining attendance and dwindling funds. By understanding their past, unlocking the secrets of their space, there might be answers in how to deal with the legacy of the Victorians now and into the future.

"In Tarot Shadow Work, Christine Jette bravely takes the practice of tarot readings to new depths and places many people fear to go. She shows us how we can use the cards to trigger awareness in ourselves of troubling aspects of our lives and histories, and then go beyond discovery to use the cards as tools for healing. This is part of the work that needs to be done with tarot in this new century." —Rachel Pollack, author of 78 Degrees of Wisdom and the forthcoming Shining Tribe Tarot Deep within our psyches, the unconscious holds our forbidden feelings, secret wishes, and creative urges. Over time, these "dark forces" take on a life of their own and form the shadow—a powerful force of unresolved inner conflicts and unexpressed emotions that defies our efforts to control it. The shadow takes its shape from a menagerie of archetypes, each recognizable throughout time and around the world—troubling characters who thrive within our persona. The shadow is saboteur, martyr, victim, addict, sadist, masochist, or tyrant; all the dark figures that prey on the lighter qualities of the human personality. The shadow also represents those latent talents and positive traits that were banished from us at some time along our life path: artistic, musical, athletic, or creative talents. An undeveloped ability, a dream that has gone unexpressed, a fantasy of what might have been—these too make up the personal shadow, the lost parts of ourselves. Tarot Shadow Work shows you how to free yourself from the shackles of the shadow's power. Through tarot work, journaling, meditation, creative visualization, and dream work, you will bring the shadow into the light. This book is ideal for those who are in recovery from a serious addiction or illness, as well as any person seeking a deeper understanding of his or her true self. By exploring the dark and uncharted territory of the unconscious mind, you will work towards understanding and integrating the shadow. No prior knowledge of the tarot is required. You will learn to use the cards as a tool to help you break free from negative patterns and self-destructive behavior. Once we realize that we are made of both light and darkness, life will start to make sense. When we accept our dual natures, we stop sabotaging our own efforts and learn to be compassionate with others and with ourselves.
