Eppendorf Safe-Lock Tubes - Tubes, Laboratory Consumables ...

Eppendorf laboratory consumables made of plastic are tailored to match all common lab procedures. The success story of Eppendorf plastics started in 1963 with the legendary Eppendorf tube, the so called "Eppi". Since then, we have continuously extended our product portfolio with e.g. conical tubes, pipette tips and filtertips in different variants, deep well and microplates as well as cell culture flasks, dishes and plates.

overlapping applications like buffer preparation, storage and transport.

Eppendorf Conical Tubes 25 mL - Tubes, Laboratory ...

Eppendorf Protein LoBind Tubes are specifically designed for use in proteomics or other fields of protein research, where protein concentration tend to be very small and sample recovery is vital for assay results. Significantly more protein can be recovered for downstream analyses and enzymes remain active. More information
