Product Orientation
emphasis on creative process; imitate model text; organisation of ideas more important than ideas themselves; one draft

Product and process writing: A comparison

...

In writing pedagogy, there are at least two major ways of seeing writing. These two approaches see writing as a process or as a product. This post will explain each along with some of the drawbacks of both. Writing as a Product. Writing as a product entailed the teacher setting forth standards in terms of rhetoric, vocabulary use, organization, etc. The students were given several different examples that could be used as models from which to base their own paper.

Technical Writing Processes The process of planning what to write plays a crucial part in making your document or content creation time more valuable. On the other hand, the review phase will be vital for ensuring whether your document is officially sound and accurate as well as presentable to the audience accessible or not.
