This reference text provides detailed information on the world's 1200 largest and most influential companies. Each entry contains details such as: company's legal name; mailing address; ownership; sales and market value; stock index; and principal subsidiaries. Each two to four page entry is detailed with facts gathered from popular magazines, academic periodicals, books, annual reports and the archives of the companies themselves. Information is also provided about founders, expansions and losses, and labour/management actions. Entries are arranged alphabetically by industry name, and there is a cumulative index to companies and personal names.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
