Discourse and text: linguistic and intertextual analysis ...

Researchers who use textual analysis do not follow a single established approach but employ a variety of analysis types, such as ideological, genre, narrative, rhetorical, gender, or discourse analysis. Therefore, the term “ textual analysis ” could also be understood as a collective term for a variety of qualitative, interpretive, and critical content analysis techniques of popular culture artifacts.

Textual Analysis and Communication - Communication ...

The main difference between text and discourse is that the text does not specify an agent whereas the discourse specifies the agent of the information. Thus, a text is necessarily non-interactive while discourse is necessarily interactive. Even though the two terms text and discourse are used interchangeably with concern to literary analytical studies, these two are two diverging subjects.
