position in it. The title of his book, a play on the term “Washington Consensus” coined in the late 80s and early 90s refers to how the west, specifically the United States, represented by Washington is losing ground in the Third World community and how Beijing (China) is picking up the slack and ...

Beijing presents a clear and gathering threat to Washington—but not for the reasons you think. China's challenge to the West stems from its transformative brand of capitalism and an entirely different conception of the international community. Taking us on a whirlwind tour of China in the world—from dictators in Africa to oligarchs in Southeast Asia to South American strongmen—Halper ...
