The Bielski Brothers: The True Story of Three Men Who Defied the Nazis, Built a Village in the Forest, and Saved 1,200 Jews is a non-fiction book by Peter Duffy, which was published in 2003. Instead of running or giving in to despair, these brothers -- Tuvia, Zus, and Asael Bielski -- fought back, waging a guerrilla war of wits against the Nazis.

In 1941, three brothers witnessed their parents and two other siblings being led away to their eventual murders. It was a grim scene that would, of course, be repeated endlessly throughout the war. Instead of running or giving in to despair, these brothers -- Tuvia, Zus, and Asael Bielski -- fought back, waging a guerrilla war of wits against the Nazis. By using their intimate knowledge of the dense forests surrounding the Belarusan towns of Novogrudek and Lida, the Bielskis evaded the Nazis and established a hidden base camp, then set about convincing other Jews to join their ranks. As more and more Jews arrived each day, a robust community began to emerge, a "Jerusalem in the woods." After two and a half years in the woods, in July 1944, the Bielskis learned that the Germans, overrun by the Red Army, were retreating back toward Berlin. More than one thousand Bielski Jews emerged -- alive -- on that final, triumphant exit from the woods.

It is one of the most remarkable dramas of World War II -- untold until now. In 1941, three young men -- brothers, sons of a miller -- witnessed their parents and two other siblings being led away to their eventual murders. It was a grim scene that would, of course, be repeated endlessly throughout the war. What makes this particular story of interest is how the survivors responded. Instead of running or capitulating or giving in to despair, these brothers -- Tuvia, Zus, and Asael Bielski -- did something else entirely. They fought back, waging a guerrilla war of wits and cunning against both the Nazis and the pro-Nazi sympathizers. Along the way they saved well over a thousand Jewish lives. Using their intimate knowledge of the dense forests surrounding the Belorussian towns of Novogrudek and Lida, the Bielskis evaded the Nazis and established a hidden base camp, then set about convincing other Jews to join their ranks. When the Nazis began systematically eliminating the local Jewish populations -- more than ten thousand were killed in the first year of the Nazi occupation alone -- the Bielskis intensified their efforts, often sending fighting men into the ghettos to escort Jews to safety. As more and more Jews arrived each day, a robust community began to emerge, a "Jerusalem in the woods." They slept in camouflaged dugouts built into the ground. Lovers met, were married, and conceived children. The community boasted a synagogue, a bathhouse, a theater, and cobblers so skilled that Russian officers would wait in line to have their boots reshod. But as its notoriety grew, so too did the Nazi efforts to capture the rugged brothers; and on several occasions they came so near to succeeding that the Bielskis had to abandon the camp and lead their massive entourage to newer, safer locations. And while some argued in favor of a smaller, more mobile unit, focused strictly on waging battle against the Germans, Tuvia Bielski was firm in his commitment to all Jews. "I'd rather save one old Jewish woman," he said, "than kill ten Nazis." In July 1944, after two and a half years in the woods, the Bielskis learned that the Germans, overrun by the Red Army, were retreating back toward Berlin. More than one thousand Bielski Jews emerged -- alive -- on that final, triumphant exit from the woods. The Bielski Brothers is a dramatic and heartfelt retelling of a story of the truest heroism, a historic testament to courage in the face of unspeakable adversity.

Reich. In *Defiance*, Nechama Tec offers a riveting history of one such group, a forest community in western Belorussia that would number more than 1,200 Jews by 1944--the largest armed rescue operation of Jews by Jews in World War II. Tec reveals that this extraordinary community included both men and women, some with weapons, but mostly unarmed, ranging from infants to the elderly. She reconstructs for the first time the amazing details of how these partisans and their families--hungry, exposed to the harsh winter weather--managed not only to survive, but to offer protection to all Jewish fugitives who could find their way to them. Arguing that this success would have been unthinkable without the vision of one man, Tec offers penetrating insight into the group's commander, Tuvia Bielski. Tec brings to light the untold story of Bielski's struggle as a partisan who lost his parents, wife, and two brothers to the Nazis, yet never wavered in his conviction that it was more important to save one Jew than to kill twenty Germans. She shows how, under Bielski's guidance, the partisans smuggled Jews out of heavily guarded ghettos, scouted the roads for fugitives, and led retaliatory raids against Belorussian peasants who collaborated with the Nazis. Herself a Holocaust survivor, Nechama Tec here draws on wide-ranging research and never before published interviews with surviving partisans--including Tuvia Bielski himself--to reconstruct here the poignant and unforgettable story of those who chose to fight.

A Polish Jew relates his experiences as a fighter in a successful Jewish resistance group during World War II

An autobiographical account of the armed resistance movement and related circumstances in Lithuania under Soviet occupation.

“Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler.”—Alex Kershaw, New York Times best-selling author of *The Longest Winter* and *The Liberator* The incredible World War II saga of the German-Jewish commandos who fought in Britain’s most secretive special-forces unit—but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. “Garrett’s detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge.”—Wendy Lower, author of *The Ravine* and National Book Award finalist *Hitler’s Furies*

Recounts the efforts of Jews who organized others and sabotaged the Nazis during the Holocaust, including Georges Loinger who smuggled children from occupied France into Switzerland and four brothers who led refugees into the forest to build a village and an army.
