The hottest growing eBay business today is reselling high-demand sneakers, clothing, and cosmetics. And no wonder: A properly-guided newbie with less than \$2,000 working capital can realistically create a part-time business that within 2-3 months' time is netting \$50,000 annually from 4-6 hours per week "work" (which most participants actually find to be a heck of a lot of fun). You don't need a secret supply source for this - you only need to know what to buy and when/how to buy it, because we're purchasing product at retail and reselling it to hungry, hyped-up buyers for a 50% to 300%+ profit margin ...yes, you read that right, and we do it all day long, baby. The stuff we target sells out within minutes of release time and then flies off eBay all month long, often for double+ retail. The Sole Master's new 24,000+ word training manual will eliminate the normally-long learning curve for becoming a successful sneaker aftermarket seller. He'll teach you all the tricks of the trade that no one else is willing to show you, including: - Which products to target, and why - Where to get early release info, drop dates, and links - How to properly analyze the aftermarket before pulling the trigger - The proper banking setup so your orders always check-out without problems - How to cop multiples on limited "one per customer" releases- A list of the best "sneaker bot" software programs and a detailed tutorial on how to use them - Web browser tricks that will have you manually copping just as many items as your bots grab - How to nab the sudden restock alerts with a high success rate - Where, when, and how to resell your inventory quickly for the best prices - A complete business plan that will have you netting \$3500+ from your 2nd month forward - Personal help if you need it Looking for a fun side business that can make your house and car payments? This is it. Copping high-demand sneakers is a blast, my friends, and satisfyingly profitable to boot. If you sit in front of a computer every day and can squeeze in a few minutes of side-activity here and there, the sneaker reseller business is for you. So let's get started...

The sneaker culture is ravenous. Certain shoes that retail for \$120 to \$250 move steadily in the aftermarket on sites like Stock-X, eBay, and Goat for 2-3 times retail, sometimes more. In fact, Stock-X now does millions of dollars per month in sneaker trading alone. Everywhere you go these days, you see sneakerheads rocking the latest heat. Trading sneakers in the secondary market is fast becoming a legitimate installation in our culture, and a pretty damn cool one at that. In this much anticipated follow-up to his bestselling sneaker reseller guide, the Sole Master guides aspiring sneaker chefs to next-level success. One only needs to be armed with the tactics taught in the first volume, and have a little experience under their belt, to be ready to step up to becoming a serious operator. Do you want to know exactly how the top sneaker resellers cop 25+ pairs of the hottest releases? Would you like to pick the Sole Master's brain and benefit from his experience running what is now one of the largest sneaker "cook groups" on Twitter? Find yourself a quiet spot, open this new 24,000-word training manual, and be prepared to take notes. Nothing is held back. You'll come away from this text knowing everything the master chefs know. So let's get started...

Sneaker Reselling, the billion-dollar industry that everyone and their grandpa wants to tap into. Some may come out winners, while others take a loss. Very few will successfully make millions, create an empire, and have direct access to the rarest commodities in the fashion and sports world. This book takes a deep dive into the world of sneaker reselling, covering every aspect so you know what's right for you. From how to start your business to multiplying it, this book will turn you into a plug, a celebrity, a profound business owner, or even the average teenager making millions at home! It all starts with this book on how to become a successful sneaker reseller. Don't believe me? Look at me! I went from a sneaker reseller to a self-made millionaire all before the age of 23, and I owe it all to this book and the world of sneaker reselling!This comprehensive guide to sneaker reselling covers every topic in the industry with additional bonuses such as a Log Book, Sneaker Terminology, Tips & Tricks, AND MORE!

Reselling sneakers is a billion-dollar industry. The idea that reselling sneakers can make you thousands if not millions of dollars every year is unfathomable to many. The increase in its popularity every year shows there is no slowing it down either. Big time businesspeople and celebrities have now become invested in the sneaker industry. The likes of Mark Cuban, JR Smith, DJ Khalid are all involved in the resell game in one way or another. Even sneaker resellers have become celebrities in their own respect. Resellers such as Jayce Lopez of Urban Necessities and Sean Wotherspoon of Round Two both have a respectable following on their social media platforms. The reason I decided to write this book is because of family, friends, friends of friends, and even strangers who inquire about the art reselling sneakers. I was tired of hearing the same thing every time, "Yo, what's the resale value on this?" So, I decided to write this book to give anyone who ever asks me again, "bro, how do I resell sneakers?" a good sense of how it works.

In 1985, Nike released Michael Jordan's first sneaker, the Air Jordan 1, and sneaker culture was born. Now thousands of people wait in line at Supreme, and companies throw millions of dollars at LeBron James to keep him in their marketing plans. The trend that saw steady growth for decades with the emergence of sports, hip-hop, and sportswear advertising has exploded into a phenomenon. And no one has watched that phenomenon more closely than Complex. Sneaker of the Year explores the past 35 years of sneaker culture with the expertise, authority, and passion that only Complex can offer. With vibrant photographs and illustrations throughout, as well as input from some of the sneaker world's most important voices, this compilation is a must-have for hypebeasts and sneakerheads everywhere.

The sneaker economy's growth is not the story of a small, but passionate group of collectors that occasionally flip a pair or two at a tidy profit. It's the story of a full-blown industry, sprouted from an underground niche and into the mainstream to affect consumer retail as we know it. Billions of dollars in sneakers are changing hands on the secondary market annually, and sneaker marketplaces are raising smart investment money hand over foot as the economy's reach widens. Sneakonomic Growth examines the economic, financial, and competitive forces that shape the maturing but still nascent economy created by sneaker collecting. By looking at the brands, retailers, marketplaces, media, and of course, the "sneakerheads," Sneakonomic Growth aims to better understand and articulate the trajectory of this economy and its constituents - how the winners will win and the losers will lose. Through thought-provoking exploration of the sneaker economy, readers will gain a better understanding of: * The power and shortfalls of scarce supply | The impending obsolescence of MSRP* What it means to be "differentiated" in today's retail environment* The impact of a rapidly growing secondary market* Why consumers are more powerful than ever before Sneakonomic Growth is absolutely for the sneakerhead seeking a better understanding of the market evolving around them. It's also for the fascinated outsider, captivated not only by eye-popping sneaker resale prices, but by the staggering growth of the broader sneaker collector's economy. Lace up, and let's go.

SNEAKER LAW is the first textbook that will teach you "all you need to know about the sneaker business."
