With power meter prices coming down dramatically in the last several years, training with power has become common as heart rate monitoring and perceived exertion appear to be fading away. In this latest edition of The Cyclist's Training Bible, while the workouts rely heavily on power, heart rate plays a supportive but still important role. And perceived exertion remains critically important for high performance as you'll see in Chapters 4 and 5.

~~Hackney cyclist launches horrific assault on pedestrians—~~

We've found a slightly longer version of a video posted to The Brussels Times website where a Flemish cyclist refuses to pass a truck, arguing that there isn't enough room. The truck driver says his truck's too heavy to go onto the verge and there's enough space to pass. The cyclist disagrees. An angry, swear-y argument ensues.

~~Angry Flemish cyclist Hatly refuses to pass stationary—~~

A welcome to casual cyclists in the northwest end of Toronto! The purpose of this group is so that people with similar cycling interests, that is casual riding, can meet up at Rowntree Mills Park car parking lot (Islington Ave., and Finch Ave.), and head south along the Humber River cycling path, as far as Lake Ontario.
