~~The Hormone Reset Diet: can it help you lose stubborn ...~~

The Hormone Reset Diet was written by author Sara Gottfried, and the book was released to the public in March of 2015. Sara dives into the fact that weight loss has a lot to do with hormones, and many people fail to realize this initially when looking to get into dieting. She states that the seven major metabolic hormones are: Cortisol, thyroid, testosterone, growth hormone, leptin, insulin, and estrogen.
