Agnes and Honey have always been best friends, but they haven't always been so different. Agnes loves being a Believer. She knows the rules at the Mount Blessing religious commune are there to make her a better person. Honey hates Mount Blessing and the control Emmanuel, their leader, has over her life. The only bright spot is the butterfly garden she's helping to build, and the journal of butterflies that she keeps. When Agnes's grandmother makes an unexpected visit to the commune, she discovers a violent secret that the Believers are desperate to keep quiet. And when Agnes's little brother is seriously injured and Emmanuel refuses to send him to a hospital, Nana Pete takes the three children and escapes the commune. Their journey begins an exploration of faith, friendship, religion and family for the two girls, as Agnes clings to her familiar faith while Honey desperately wants a new future.

Catholic lore, American tales, and Sicilian superstition blend in this “clever, funny, heartbreaking, and heartwarming” novel (Publishers Weekly). Born with unruly red hair, a sharp tongue, and wine-colored marks all over her body—marks that oddly mimick a map of the world and make her subject to endless ridicule—Garnet Ferrari would hardly consider herself blessed. So when an emissary from the Vatican shows up at her door, convinced that her seeming ability to cure the skin ailments of others qualifies her for sainthood, she’s not quite convinced—or pleased. Garnet sets off on a quest to better understand who she is and where she and her unusual gifts came from. Tracing a twisted path that leads from Sicily to West Virginia, poverty to riches, romance to loss, reality to

mythology, Garnet uncovers a truth far more powerful than any dermatological miracle: that the things of which we are most ashamed often become our greatest strengths. "A cleareyed, touching fable of a girl learning the hard truths about herself and others." —Kirkus Reviews

Willa Bean, who wants to master flying before starting school at Cupid Academy, celebrates her unconventional looks and unique personality, but struggles to accept that cupids learn how to fly at different times.

Marin spends a lot of time avoiding things. She avoids thinking about her mother's suicide and what she could have done to prevent it. She avoids looking at people directly—because she can see their pain as bright, colorful shapes. And she avoids Cassie Jackson, who used her in a sinister ritual months ago, although Marin's not exactly sure why. When Cassie stands up at school, screaming, raking her nails down her cheeks, and pointing a finger at Marin, whispering "YOU," Marin's days of avoidance come to an abrupt end. Cassie's older brother believes that Marin holds the secret to Cassie's illness. So they team up to solve the mystery of what Cassie has unleashed. But as they look deeper into the darkness, can Marin trust what she sees?
