The Protein Power Lifeplan. The authors of Protein Power are back to advocate the "protein-rich, moderate-fat, carbohydrate-restricted diet" that opposes the high-carbohydrate, low-fat diet that every professional medical and dietetic organization (including those who have no diet books to sell) believes to be your best bet for avoiding heart disease, the number one killer.

### **The Protein Power Lifeplan by Michael R. Eades**

The Protein Power diet is a low-carb plan developed by doctors Michael and Mary Dan Eades. As outlined in their book, "Protein Power," the Eades' diet focuses on high protein, moderate fat, and low carbs (similar to the Schwarzbain Principle Diet). While this version of the diet required counting carbs and protein, the authors later provided an alternative that uses portion counting instead.
