The first 20% of the book seemed like a sales pitch to buy the book rather than how to sell, after that the tips and examples came through. It wasn't as focussed on the psychology as much as I expected but still a good read for people new to sales. Read more. 4 people found this helpful.

If you don't understand the psychology of selling, then the words are going to fall flat if they're not used in the right context. If you put the components of a sales letter in the wrong order, sales will tank. If you're not pushing the right psychological triggers at precisely the right time, the conversion rate could be pretty low.

Learn the Real Techniques to Close the Sale Every Time using Principles of Psychology and Persuasion What makes people buy something? Humans have been trying to answer this one question for centuries. The truth is that while sales may be about math, the process of selling something relies heavily on psychology and understanding human behavior. You've probably already heard of countless "magic techniques" that are supposed to make people buy whatever you're selling, as if you had a magic wand in your hand. I'm sorry, there's nothing like that. However... After decades of research, science has identified certain responses and

behaviors that are hard-wired into our brains and that can actually help you close the sale every single time. If you want to learn the real techniques to sell (the ones based on psychology that actually work) this book is for you. In this guide you won't find magic wands. Instead, you'll discover the principles of persuasion and consumer psychology, you'll learn working selling strategies and negotiating techniques designed to help you sell more and delight your customers after the sale. This guide will give you a series of actionable steps you can follow, from understanding your prospects to answering their objections effectively and ultimately getting the sale. Whether you are a sales professional, a business owner who wants to increase revenue, or someone looking to build a successful sales system, this book will help you.

**AND THIS BOOK IS FOR YOU.** Fear is the reason most salespeople don't like to pick up the phone (salespeople average just four hours per week on the phone, and our job is to talk to humans!). Fear is the reason we don't ask for the business more, even though our customers want to buy from us. Fear is the reason we don't offer our customers additional products and services, even though they would love to buy more from us. This book deals with that fear. You will learn exactly how to overcome this destructive fear in sales, and replace it with confidence, optimism, gratitude, joy, and proactive sales work. These are the powerful principles in the new field of positive psychology which are transforming how we work and succeed. *Selling Boldly* is the first book that leverages positive psychology to help you sell more. You'll

also learn a series of fast, simple sales-growth techniques—like how to add on to existing orders; and how to close 20% more quotes and proposals instantly; and how to properly ask for and receive referrals—that will grow your sales...dramatically and quickly. Alex Goldfayn's clients grow their sales by 10-20% annually, every year, as long as they apply his simple approaches. **YOU ALREADY KNOW WHAT TO DO** I am not going to teach you much in this book that you don't already know. You're a professional salesperson. You do this for a living. You know, for example, that testimonials and referrals are among the best ways we have to grow sales, right? But do you ask for them enough? Most people don't. You know that calling a customer on the phone is more effective than emailing her, but you still often revert to

email. You know your customers buy other products and services that you can help them with, but you don't ask them about these products. You'd like to help them, and they would like more of your help — that is why they've been with you for five or ten or twenty years — but nevertheless we don't ask them. There is a difference between knowing what to do, and actually doing it. I know you know. With *Selling Boldly*, we start to do what we already know. We will cover what keeps us from doing these things (fear), how to overcome it (by listening to your happy customers), and how to implement these simple but powerful sales growth techniques (by briefly planning them, also doing them). Because sales growth comes from doing, not knowing. Today, we start doing. And growing. These approaches are

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's
