Second wind is a phenomenon in distance running, such as marathons or road running (as well as other sports), whereby an athlete who is out of breath and too tired to continue suddenly finds the strength to press on at top performance with less exertion. The feeling may be similar to that of a "runner's high", the most obvious difference being that the runner's high occurs after the race is over.

"The thing about having a second baby is it's likely to differ a lot from your first experience. Sarah Ockwell's Smith's guide looks at the challenges you might face along with some practical tips to consider. The book offers a friendly feel that reminds us issues and all, we'll be just fine" *Mirror*. *Best Baby Books for Parents 2020* Having a second baby is a very different experience from having your first, yet there is little recognition of the wide range of issues that need to be considered when bringing a second child into the family. In this incredibly helpful book, Sarah Ockwell-Smith helps parents feel more positive and prepared for life with two children. The book begins with the obvious question: when is the right time to add another member to the family? It then goes on to examine the specific issues that can arise with a second pregnancy and birth; the common concerns about siblings, such as how to prepare your firstborn for what's to come; how to cope with the practicalities of life with two young children (aka actually managing to get anything done!); and the feelings parents are likely to experience, too. *The Second Baby Book* examines all the questions and issues Sarah herself faced second time around, as well as sharing the experiences of the many parents who have sought her advice. It also highlights what scientific studies reveal about such issues as the spacing of children and the differences between first and second births. Practical, insightful and honest, this book will help you understand the challenges ahead but, more importantly, it will equip you to meet them with knowledge, confidence and a sense of excitement for the future.

The story of "a mother-daughter relationship shattered by a crime so horrific that even in our jaded culture few speak of it without an involuntary shudder. None of us thinks it could happen in our family. Leah Pacey, however, is not allowed the luxury of such denial. For her, the only notion more unthinkable than Alyssa's act is that of abandoning her daughter."--jacket.

The serene existence of the inhabitants of picture-perfect Secret Cove is shattered by the one-hundred-year anniversary of a young woman's unspeakable act, and young Melissa Holloway becomes the unwilling receptacle for this legacy of evil

At the age of twelve, Sophie Caco is sent from her impoverished village of Croix-des-Rosets to New York, to be reunited with a mother she barely remembers. There she discovers secrets that no child should ever know, and a legacy of shame that can be healed only when she returns to Haiti--to the women who first reared her. What ensues is a passionate journey through a landscape charged with the supernatural and scarred by political violence, in a novel that bears witness to the traditions, suffering, and wisdom of an entire people.

Yes, indeed, the tomb of Jesus was empty the third day! Is this a myth or a reality? Despised and rejected of men as a blasphemer, was his crucifixion a murder or a sacrifice? He was revered as Son of God, Son of Man, Lamb of God, and the Lion of tribe of Judah! Did Jesus personality actually fit the billing of these self-contradictory designations? By inspiration? Does inspiration then automatically confer absolute literary authenticity on every ecclesiastical work selected by few individuals and published in sacred books? To what extent can we rely on this axiom? Made from the rib of Adam? Till this very moment, every male Jew is proud of his heritage of not being born as a woman or as a slave! So is it a burden of inferiority crises to be created as a woman? Most importantly, was Eve really a by-product from the rib of Adam? Homosexuality! The battle rages on, for and against. But is apparent attraction between homosexuals based on sexuality or due to other compelling reasons that result in same-sex couples walking down the aisle to tie the conjugal knot? These and other spiritually burning issues were deeply x-rayed. The work exposes barriers already set up assiduously by traditional beliefs, ideas, and schisms of religious dogmatisms. It challenged time-honored views and rent asunder many a false claim. Therefore, it is not unexpected if its contents attract relentless criticisms and opposition from circles of those already sided with rigidity and hypocrisy of philosophy and religions, particularly those professionally involved in the trade of perfidy. Truthfulness can never breed doubters nor idiosyncrasies of fundamentalism, whose main goal was to enslave minds of other human beings. It is on this basis that readers may recognize the true worth of this work.
