In literature, the turning point or climax is the point of highest tension in a narrative; it's the most exciting and revealing part of a story. It leads the rising action into the falling action before a story is resolved and reaches the conclusion. From a narrative's beginning, all of the action rises up to the turning point, where questions are answered, secrets are revealed, conflicts are resolved, and everything begins to come to a close.

7 synonyms of turning point from the Merriam-Webster Thesaurus, plus 28 related words, definitions, and antonyms. Find another word for turning point. Turning point: a point in a chain of events at which an important change (as in one's fortunes) occurs.

*Turning Point Synonyms | Merriam-Webster Thesaurus*

Here are seven keys to making every crisis a turning point that empowers your future. First, you keep on tithing and giving offerings even when your mind says you can't afford it. If the enemy can ever get you to believe you can't afford to tithe or give offerings. . .he has the ability to take advantage of you.

Desperate to escape her abusive marriage, Lilly Crawford files for divorce, then slips away from her small east Texas hometown with little more than the clothes on her back. With broken dreams and countless regrets, she points her twelve-year-old car east, hoping and praying to find a new beginning. Car thieves stole Adam Wakefield's Porche, his eyesight, and his identity. Once a prominent neurosurgeon in San Francisco, Adam now lives at his secluded estate in Louisiana. Fearing that his blindness is permanent and that he will never be in control of his life again, he sinks deeper into depression each day. When her car breaks down on a back road in Louisiana, Lilly seeks help and finds unexpected employment as Adam's caregiver. Her first encounter with him is disastrous. He reminds her too much of the angry husband she feared; she reminds him of how far he has fallen from the self-assured man he once was. But as the two spend long days together, an unexpected bond develops--one that will be tested by pain and joy and heal both of their shattered lives.

In every person's life, there comes a moment in time when circumstances or events require decisions and responses that greatly determine the future. This book has no design to be another volume on leadership techniques. Rather, it is a candid exploration of those unexpected turns birthed out of the experience of being confronted with a reversal of circumstances in the life of an individual. Frankly, it is a study about the drama of life. The intention of the author is to give a sincere and straightforward examination of why turnabouts often get high-jacked and fail to live up to people's expectations. Even more, individuals will find a plea for courage and faith when things do not occur as they once envisioned they would. Consequently, it is a clarion call for courage to go further than some would desire, but also a caution to impatient leaders to be watchful of their own intentions to push a change further than would be wise. In the end, some leaders must be willing to consider a more contemplative life built on valuing people above their own ideological mindset. Dr. Wallace R. Pratt is an administrator, minister, teacher, and writer. He lives in Salem, Oregon and has been married thirty-eight years to his wonderful wife Judy. They are blessed with two daughters, two great son-in-laws and five grandchildren. Dr. Pratt serves as a regional supervisor in the Northwest for his church organization, while also serving as an adjunct professor for Gordon-Conwell Theological Seminary. His leadership experience has included thirty-three years of pastoral ministry and approximately eighteen years of teaching in sixteen nations. He has been serving on the Doctrine and Polity Committee of his church organization for fourteen years and presently holds the position of chairman for this international body.

A.B. Arnold's poignant story about self-realization centres around Kelly, a young woman whose secret battle to break free from her past impels her to move through her grief and beyond the self-imposed limitations that have affected all aspects of her life, including her closest friendship. Kelly's balance shifts after a chance meeting with a well-travelled stranger who becomes her catalyst for change. Turning Points reveals mysteries that hide beneath the image that people show the world: Kelly's turning points inspire her to push past her insecurities, test her limits of loyalty, and ultimately redefine her with a new emergence of creativity and personal growth. Set in the panoramic surroundings of Halifax, Nova Scotia, Turning Points is a novel for courageous readers who long to understand others at a deeper level. Interwoven between the chapters' narrative is Kelly's mesmerizing and emotionally challenging poetry...readers will find themselves compassionately searching within for their own deepest truths.

\*Styrus, a computer virus so powerful it can penetrate any computer and steal its secrets, has fallen into the hands of the wrong man \*His name - Smith \*His ambition - to rule the world When fans demanded a sequel to Running, Barbara Spencer was happy to oblige. Set in the 21st century, Turning Point portrays a world which we may very easily come to inherit. One dominated by money and greed, with Europe a major world power and England reduced to island status off the coast of Europe, in which the little guy stands no chance. The action-packed Turning Point follows Scott Anderson and Bill, one of the scientists that created Styrus, as they head for Geneva - where Bill is to address the United Nations and formally hand over control of the computer programme. Meanwhile Mr. Smith, despite a massive manhunt by the American Secret Service, continues his meteoric rise to power, driving global corporations into bankruptcy. When Scott accidentally overhears a secret conversation, the mirage of calm and safety that his family and friends have tried so hard to create is shattered forever. Within forty-eight hours, Scott has become a wanted criminal, accused of gunning down an innocent bystander; his bodyguard, his home, and his father - all gone. With only his school friends believing in his innocence, Scott heads for Exeter on his motorbike to the headquarters of the American Secret Service - only to find that destroyed too. Barbara Spencer's new book once again offers young adults a thrilling, roller-coaster of a read.

This book contains 45 chapters. Think about accomplishing only the goals you have set. If you focus on more than one goal at once, your chances of success are slim. When you set only one goal, then your brain tries to fulfill that goal in every way. In this state your mind becomes focused on a single goal. Now imagine that you are standing in a floating boat. You see two islands simultaneously. Someone tells you that on one island there is a box full of gold and on another island there is a silver box. So what will you do? Will you pick up those boxes from both islands simultaneously? "No "You will pick one box first and then the second one. That is, you cannot accomplish two goals simultaneously. First you have to complete one goal, then the

other goal. So keep one goal at a time. Focus your attention on only one goal at a time. If you want to be successful, you have to remain focused.

An Amazon Best Book of the Year A multigenerational family saga about the long-lasting reverberations of one tragic summer by "a wonderful talent [who] should be read widely" (Edward P. Jones). In 1948, a small stretch of the Woodmont, Connecticut shoreline, affectionately named "Bagel Beach," has long been a summer destination for Jewish families. Here sisters Ada, Vivie, and Bec assemble at their beloved family cottage, with children in tow and weekend-only husbands who arrive each Friday in time for the Sabbath meal. During the weekdays, freedom reigns. Ada, the family beauty, relaxes and grows more playful, unimpeded by her rule-driven, religious husband. Vivie, once terribly wronged by her sister, is now the family diplomat and an increasingly inventive chef. Unmarried Bec finds herself forced to choose between the family-centric life she's always known and a passion-filled life with the married man with whom she's had a secret years-long affair. But when a terrible accident occurs on the sisters' watch, a summer of hope and self-discovery transforms into a lifetime of atonement and loss for members of this close-knit clan. Seen through the eyes of Molly, who was twelve years old when she witnessed the accident, this is the story of a tragedy and its aftermath, of expanding lives painfully collapsed. Can Molly, decades after the event, draw from her aunt Bec's hard-won wisdom and free herself from the burden that destroyed so many others? Elizabeth Poliner is a masterful storyteller, a brilliant observer of human nature, and in *As Close to Us as Breathing* she has created an unforgettable meditation on grief, guilt, and the boundaries of identity and love.

Think about accomplishing only the goals you have set. If you focus on more than one goal at once, your chances of success are slim. When you set only one goal, then your brain tries to fulfill that goal in every way. In this state your mind becomes focused on a single goal. Now imagine that you are standing in a floating boat. You see two islands simultaneously. Someone tells you that on one island there is a box full of gold and on another island there is a silver box. So what will you do? Will you pick up those boxes from both islands simultaneously? "No " You will pick one box first and then the second one. That is, you cannot accomplish two goals simultaneously. First you have to complete one goal, then the other goal. So keep one goal at a time. Focus your attention on only one goal at a time. If you want to be successful, you have to remain focused.

Nostalgia tastes like root beer, sweet and dark. Teri is sinking in a morass of pain. Her dream of being a jockey was brutally shattered by an accident that left her broken in every way. Tired of worrying her family, she seeks out the comforts of her childhood – horses and stables and a sweet, blond boy. But the boy is grown now, and so is she. Will Teri be able to remove the armor that's been holding her together long enough to find solace in the arms of an old friend? *The Turning Point* is a short story that takes place after the events in the *Blaze of Glory* series.

It's funny how a piece of paper can change your life—a diploma, a ticket . . . a plain, white envelope For as long as I could remember, I was the girl with the plan. Good college, good medical school, good career. I would save lives instead of standing by helplessly, watching while they slipped away. That was before my father called for the first time in fifteen years to tell me about the terminal illness stealing his life—an illness that might be stealing mine, too. It was before he gave me the name of a doctor and a plane ticket to Italy. Before I flew across an ocean. Before I realized how brilliantly bright life could be. Before I met Lucas. He's everything I've always wanted, and the timing couldn't be worse. I can't do this to him—he deserves so much better. My head tells me I can't afford to fall in love with Lucas, but my heart won't listen. Lucas is fearless about the future, while I'm not even sure I have one. There's only one way to know what's ahead and it's waiting for me at home inside a plain, white envelope. All I have to do, is open it . . . (90,000 words)
