In Works and Days, Hesiod shifts his attention to humanity, delivering moral precepts and practical advice regarding agriculture, navigation, and many other matters; along the way he gives us the myths of Pandora and of the Golden, Silver, and other Races of Men.

Theogony. Works and Days. Testimonia — Hesiod, Glenn W ...

"Works And Days" comes across as run-together songs of wisdom rooted in very specific, localized moments of place, time and actions. I began reading it silently - a very modern habit, after all - and after a page or two found myself reading aloud because Lombardo has given, or caught, a definite, distinctive and specific voice here.

Citation - Theogony ; and, Works and days - UW-Madison ...

The Works and Days is a didactic poem written by the ancient Greek poet Hesiod around 700 BC. It is in dactylic hexameter and contains 828 lines. At its center, the Works and Days is a farmer's almanac in which Hesiod instructs his brother Perses in the agricultural arts. Scholars have seen this work against a background of agrarian crisis in mainland Greece, which inspired a wave of colonial expeditions in search of new land. In the poem Hesiod also offers his brother extensive moralizing advice.

Works and Days - Wikipedia

Works and Days is a more practical, down to earth sort of work, dealing with social, farming, and religious advice. Theognis' Elegies are a very curious mixture of ethical and social maxims, and numerous love poems from elder to protege.

by The British Museum (CC BY-NC-SA) Works and Days is an epic poem written in dactylic hexameter, credited to the 8th-century BCE Greek poet Hesiod. Hesiod is generally remembered for two epic works, Theogony and Works and Days but, like his contemporary Homer, he was part of an oral tradition and his works were only put into written form decades after his death.

Works and Days - Ancient History Encyclopedia

Philosopher C.S. Morrissey adapts Hesiod's two great works, Theogony and Works and Days, taking into account the poet's essential meditative insights that paved the way for the subsequent achievements of Greek philosophy, most notably of Plato, and thereby gave a distinctive shape to all of Western philosophy.

Theogony / Works and Days - Kindle edition by Hesiod ...

THEOGONY&WORKSANDDAYS. Hesiodos (Hesiod) is one of the oldest known Greek poets, possibly the oldest. He lived at Ascra in Boeotia (central Greece) in the late eighth century bc: The earlier of his two surviving poems, the Theogony, contains a systematic genealogy of the gods from the beginning of the world and an account of their violent struggles before the present order was established. The Works and Days, a compendium of moral and practical instruction for a life of honest husbandry, throws a unique and fascinating light on archaic Greek society, ...

Synopsis – Works and Days Summary Back to Top of Page After an opening invocation of Zeus and the Muses, the first portion of the poem is an ethical enforcement of honest labour and dissuasion from strife and idleness. The second section consists of hints and rules on agricultural husbandry.

WORKS AND DAYS - HESIOD | POEM SUMMARY, PANDORA'S BOX

The historian Dorothea Wender believes that the Theogony was an earlier work than Works and Days, the other work attributed to Hesiod. She considers the latter to be a better work, and while the Theogony seems to be unpolished, the author could have had difficulty with written composition.

Theogony - Ancient History Encyclopedia

The Works and Days and the Theogony are ascribed to him, though it is not certain that the same poet wrote both. He is the first poet in Western literature to have written about himself, in this respect distinct from Homer.

Greek poet Hesiod took many lines of thought and knowledge - myth, fable, personal experience, practical understanding - and wove them into one great whole. He did as much

with the origins of the Greek gods in the Theogony, and then did the same in creating his manual of moral and practical advice, Works and Days. Here, Stephanie Nelson's translation of Works and Days is paired with Richard S. Caldwell's take on the Theogony. Along with introductory essays, these comprehensible versions of Hesiod's two best-known poems make it easy for readers to see why Hesiod's writings continue to resound through the ages.

For this eagerly anticipated revised edition, Athanassakis has provided an expanded introduction on Hesiod and his work, subtly amended his faithful translations, significantly augmented the notes and index, and updated the bibliography. --Johns Hopkins University Press.

Written in the late eighth century BC by Hesiod, one of the oldest known of Greek poets, Theogony and Works and Days represent the earliest account of the origin of the Greek gods, and an invaluable compendium of advice for leading a moral life, both offering unique insights into archaic Greek society. There are a number of modern translations of Hesiod available, rendered in serviceable English, but until now no one has created a work of literature equal to the original. This translation is the result of a unique collaboration between a classicist and a poet, capturing in English fourteeners the works' true poetic flavor while remaining faithful to the Greek text and the archaic world in which it was composed. This translation contains a general introduction, a translator's introduction, notes, and a glossary. It will be of interest to general readers, students of and specialists in classical literature, and lovers of poetry. "This Schlegel-Weinfield translation of Hesiod is superbly crafted: compelling, unforgettable poetry to be read aloud with delight and gratitude." --Allen Mandelbaum, Endowed Kenan Professor of Humanities, Wake Forest University "This exciting and unique collaboration between a classical philologist and a poet will not just provide insight into archaic Greek society, but also offer something new: the opportunity to experience the richness of Hesiod's style, language, and modes of thought with remarkable fidelity to the ancient Greek. Weinfield and Schlegel make Hesiod sing." --Carole Newlands, Classics Department, University of Wisconsin "Schlegel and Weinfield have produced one of the most remarkable of a current resurgence of translations from the classics, allowing the modern world to hear a poet who may have known Homer. Hesiod's song makes us understand why the Greeks thought a poet could draw dolphins through the seas or raise the walls of Thebes. Weinfield translates by ear and transfers what he hears to the page, resonant fourteeners, a worthy echo of the past." --Charles Stanley Ross, Professor, Department of English, and Director, Comparative Literature, Purdue University Catherine Schlegel is Associate Professor of Classics, University of Notre Dame. Henry Weinfield is Professor and Chair of Liberal Studies, University of Notre Dame, and translator of The Collected Poems of Stephane Mallarme.

A translation of Hesiod's poems. It captures Hesiod's rustic wisdom, his humour and his cautious pessimism.

This translation of "Works and Days," Hesiod's manual of moral and practical advice, is here paired with Caldwell's "Theogony" and includes introductions to each piece, notes, and an interpretive essay.

"The Theogony is one of the most important mythical texts to survive from antiquity, and we devote the first section to it. It tells of the creation of the present world order under the rule of almighty Zeus. The Works and Days, in the second section, describes a bitter dispute between Hesiod and his brother over the disposition of their father's property, a theme that allows Hesiod to range widely over issues of right and wrong. The Shield of Herakles, whose centerpiece is a long description of a work of art, is not by Hesiod, at least most of it, but it was always attributed to him in antiquity. It is Hesiodic in style and has always formed part of the Hesiodic corpus. It makes up the third section of this book"--Provided by publisher.

Hesiod describes himself as a Boeotian shepherd who heard the Muses call upon him to sing about the gods. His exact dates are unknown, but he has often been considered a younger contemporary of Homer. This volume of the new Loeb Classical Library edition offers a general introduction, a fluid translation facing an improved Greek text of Hesiod's two extant poems, and a generous selection of testimonia from a wide variety of ancient sources regarding Hesiod's life, works, and reception. In *Theogony* Hesiod charts the history of the divine world, narrating the origin of the universe and the rise of the gods, from first beginnings to the triumph of Zeus, and reporting on the progeny of Zeus and of goddesses in union with mortal men. In *Works and Days* Hesiod shifts his attention to the world of men, delivering moral precepts and practical advice regarding agriculture, navigation, and many other matters; along the way he gives us the myths of Pandora and of the Golden, Silver, and other Races of Men.

Widely considered the first poet in the Western tradition to address the matter of his own experience, Hesiod occupies a seminal position in literary history. His *Theogony* brings together and formalizes many of the narratives of Greek myth, detailing the genealogy of its gods and their violent struggles for power. The *Works and Days* seems on its face to be a compendium of advice about managing a farm, but it ranges far beyond this scope to meditate

Access Free Theogony And Works And Days

on morality, justice, the virtues of a good life, and the place of humans in the universe. These poems are concerned with orderliness and organization, and they proclaim those ideals from small-scale to vast, from a handful of seeds to the story of the cosmos. Presented here in a bilingual edition, Johnson's translation takes care to preserve the structure of Hesiod's lines and sentences, achieving a sonic and rhythmic balance that enables us to hear his music across the millennia.
