Sequel to Transylvania Sunrise wherein Radu Cinamar meets the Tibetan lama who orchestrated the discovery of ancient technology under the Romanian Sphinx

Radu Cinamar is recruited for Department Zero and explores the tunnel from the Bucegi Sphinx chamber to a similar chamber beneath Giza where a time travel device is found.

In this exhilarating description of mysteries inside the Earth, Radu Cinamar presents a unique way to penetrate the Inner Earth through the process of feeling and the effects that will develop from such an experience. To enhance the readers understanding of this very guarded subject, this book includes multiple illustrations that include depictions of Inner Earth geography. Familiar characters from the Transylvania Series also reappear, including the enigmatic Tibetan lama, Repa Sundhi, also known as Dr Xien, who states: If someone had a device or machine that could start up and go everywhere they want, especially towards the centre of the Earth, the machine would be blocked and stop at a certain point because of the frequency of vibration to be found there. Just how far you can go with such a machine can be limited by reason of your own con- sciousness which can in and of itself restrict the dimensional range of such a device or the extent to which it can penetrate other realms. This applies to both human beings as well as material objects. Your ability to access such a region is determined by what your own individual frequency of con- sciousness can or will allow you to experience. This is

THE ETHERIC CRYSTAL - THE THIRD TUNNEL concludes both a numerological cycle (cycle 7) and offers the mystery of the last tunnel in the chamber beneath the (Romanian) sphinx, left unexplored by the author until 2015. After their expedition, this volume makes a very interesting turn, directing Radu to spawn special project which attracts a unique collaboration of characters, both from the underground city of Apellos but also with the American side. Also, for the first time in almost 14 years, Radu Cinamar offers us some additional conversations and collaboration with the enigmatic Elinor, the quintessential alchemist, who becomes deeply involved with the new project. The book also presents a key piece of information, long debated and considered until now an unsolved mystery, which refers to the real origin of the Moon. Everything is explained in chronological detail, following up on the elements about the origin of man presented in the previous volume, Forgotten Genesis. THE ETHERIC CRYSTAL is full of fascinating information that opens the horizons of our knowledge and of our individual evolution.
