In Trust, a sweeping assessment of the emerging global economic order "after History", Fukuyama examines a wide range of national cultures in order to divine the hidden principles that make a good and prosperous society, and his findings strongly challenge the orthodoxies of both ...

Trust: The Social Virtues and the Creation of Prosperity ...

Insisting that we cannot divorce economic life from cultural life, he contends that in an era when social capital may be as important as physical capital, only those societies with a high degree of social trust will be able to create the flexible, large-scale business organizations that are needed to compete in the new global economy.

Trust: The Social Virtues and The Creation of Prosperity ...

Fukuyama says that the ability to trust and work with other people is necessary for economic success. (He calls this “social capital” early in the book but “sociability” later. I have no idea why.) In some places, people find it hard to trust outside the extended family.

Trust: The Social Virtues and the Creation of Prosperity ...

Modern cosmologists ask us to picture a saddle-shaped universe, where time and space are curved essences. Francis Fukuyama, in *Trust: The Social Virtues and the Creation of Wealth*, his first book since his seminal post-Cold War work, *The End of History and the Last Man*, suggests the consideration of saddle-shaped societies.

Trust: The Social Virtues and the Creation of Wealth ...

Focusing on such factors as trust (a community's shared expectation of honest, cooperative behavior outside the family) and social capital (the values created by tradition, religion, or other means), the author examines the ability of various peoples to organize effectively for commercial purposes without relying on blood ties or government intervention.

TRUST | Kirkus Reviews

The social virtues, including honesty, reliability, cooperativeness, and a sense of duty to others, are critical for incubating the individual ones, however, and have received considerably less attention in discussions of this subject. This is one important reason that I will focus on them here.
