Tom Miller recognized the need to write this book a few years ago, after reviewing postings on popular discussion pages frequented by actuaries. He was surprised and troubled by the magnitude of misinformation posted on these websites. Clearly actuaries and actuarial students posting this information are only trying to be helpful to one another, but they frequently lack the necessary experience and expertise to offer sound advice. Tom seeks to provide readers of his career guide with valuable insights regarding the actuarial employment market, covering topics such as choice of product specialization, how to conduct effective job searches, switching successfully from insurance to consulting and inside tips on what clients are really looking for when they interview you. Armed with deep knowledge and a unique perspective on the actuarial profession, Tom expects that this book will be a resource that will help you make better career decisions and "Achieve Your Pinnacle."

"This book was developed jointly by Vault and INROADS, the nation's largest non-profit source of salaried corporate internships and leadership training for high performing students of color. The Vault/INROADS Guide to Diversity Internship, Co-op and Entry-Level Programs is intended to give students, young professionals and educators objective information and insight into the diversity programs and hiring processes of top companies and organizations." "This guide will enable readers to match their interests and career goals with appropriate employers and to assess diversity efforts and programs."--BOOK JACKET.

This book explains what actuaries are, what they do, and where they do it. It describes the ideas, techniques, and skills involved in the day-to-day work of actuaries. This second edition has been updated to reflect the rise of social networking and the internet, the progress toward a global knowledge-based economy, and the global expansion of the actuarial field that has occurred since the first edition. --from publisher description
