questions about Windows Server 2008 end of support transitions. What Does End of Service Mean for Windows Server 2008? While the end of support period (EOS) for Windows Server 2008 is looming, that doesn't mean the platform will stop working on January 14, 2020. It simply means that Microsoft will no longer be required to provide support and patches unless your organization has a specific contract in place to maintain support.
